****** 20+ years of success in chair and executive up to $600+ billion******

ENGINEERING SKILLS

- Computer systems, information technology systems and digital transformation.
- Data analytics with fundamental, statistical, stochastic models and AI/machine learning.
- Pricing and valuation for actuarial and financial products.
- Semiconductor: VHDL/Verilog to physic test.
- Database: MS SQL, MySQL, HDFS, Hive, Impala, CUDA, Spark, TensorFlow.
- Statistics software: R, Eviews, SAS, SPSS.

CERTIFICATIONS

- Japan Information-Technology Engineer Skill Standards.
- Chartered Financial Analyst (CFA).
- Chartered Alternative Investment Analyst (CAIA).
- Professional Risk Managers' International Association (PRM).
- Energy Risk Professional (ERP).
- Society of Actuaries (SOA): Exam P, FM, MFE, C, VEE and FSA Life modules.
- Casualty Actuarial Society (CAS): Exam ST.
- Experience in Cloudera, AWS, Azure.

WORKING EXPERIENCE

Founder **06/2002 - Current**
SAM Foundation **Global**
CA, United States - BC & ON, Canada - Mexico City, Mexico - HoChiMinh, Vietnam - Beijing, China - London, United Kingdom - Mumbai, India - Sydney, Australia - Jakarta, Indonesia.

- Fundraised for charity and distributed donations for education and community support; provided financial resources, mentorship, and strategic guidance to individuals and organizations, while applying compound option leadership and advanced AI engineering (Machine Learning, Deep Learning, NLP, Generative AI) to develop innovative, AI-powered business solutions that enhanced growth, resilience, and long-term impact through AI-enabled digital transformation.
- Universal Interacting & Media Solutions: targeting USD $100+ billion in funding within the next three years through AI-powered compound option leadership, innovative business development, and driving AI-enabled digital transformation.
- Developed SAM AI – Brain of brains & Leader of leaders, applying Compound Option Leadership to power global strategies and scalable transformation.
- Delivered AI-driven high-level insights and advisory to organizational leaders on strategy, operations, and digital transformation, enabling successful deals through intelligent business development.
- Advised on optimizing global supply chains and semiconductor manufacturing with AI-driven analytics, enhancing product quality, efficiency, and innovation in hardware and software.

Founder **07/1999 - Current**
QT-Group **Global**
CA, United States - BC & ON, Canada - Mexico City, Mexico - HoChiMinh, Vietnam - Shanghai, China - London, United Kingdom - Mumbai, India - Sydney, Australia - Jakarta, Indonesia.

- Realizing USD $100+ billion value of qT-group, #1 Financial Capital Services.
- KT compound option exchange: Funding-Buyout services with Compound options, $1 billion USD annual subscription fee for a basic account.
- Cross-border direct services: blockchains/distributed ledger technology and software solutions, ML/AI analytics services with 12000+ engineers.

- Option trading services: Gold, ClimateChange, Bitcoin, Ethereum, Metaverse, Cannabis, Game, Beauty, Hospitality, Entertainment, Space Technology.
- KATH coin & Infinite bank & TAHK Interacting AI: Business scaling with luxury options & Sustaining Financial Systems.

Professor **07/2004 - Current**
TDTU & Broward College & Troy College & HCMUS **Global**
CA, United States - BC & ON, Canada - Mexico City, Mexico - HoChiMinh, Vietnam - Beijing, China - London, United Kingdom - Mumbai, India - Sydney, Australia - Jakarta, Indonesia.
- *Teaching* undergraduate courses in Monetary and Financial Theory and Quantitative Finance. Supervising undergraduate theses and conducting research in applied mathematics and computer sciences.
- *Chair* of mathematics curriculum, teaching business statistics, financial statistics and applied linear algebra.
- *Leading* 120+ researchers on Information Science & Applied Mathematics.
- *Chair of* mathematics curriculum for exchange programs with Saxion University in the Netherlands and teaching undergraduate courses: Numerical Analysis, Software Engineering and Statistics.

Chair – Membership of CFA Society Saskatchewan **07/2017 - 07/2023**
CFA Institute **Global**
- Managing the society's growth and retention of members and volunteers.
- The institute aims to promote standards in ethics, education, and professional excellence in the global investment services industry.

Chief Data Scientist **10/2015 - 06/2017**
Tenpoint7 - John von Neumann Institute **WA, United States**
- Going agile for information technology systems and evolutionary digitization to suit the needs of customers.
- Accelerating client business via data-driven insights with both scientific and practical AIs: modernizing USD $5 Trillion hospitality industry.
- Designing dynamic models to evaluate the financial performance of new ventures, projects, and products, ensuring optimal capital allocation and alignment with profitability goals.
- Conducting performance assessments for Mortgage Securitization and Consumer Lending, including sensitivity analyses, utilization of key inputs, integration of actual performance data, and scenario testing across various combinations.
- Preparing risk management analyses for balance sheets to evaluate the impact and efficiency of business transactions against predefined strategies, objectives, and tactics.
- *Leading* both data scientists and engineers for R&D projects on Spark and TensorFlow in price optimization and fraud detection.

Co-founder & Head of Quantitative and Computational Finance Lab **07/2010 - 06/2017**
John von Neumann Institute **HoChiMinh, Vietnam**
- *Chief Technical Officer* for industrial projects on Cloudera/Azure/AWS: human resource with Vsource, supply chain with Vingroup, Basel with BIDV, margin management with HSC, marketing demographic with BlueSeed, fraud detection with VGN Game; on revolutionary digitalization with FrieslandCampina, University Medical Center HCMC and HNX Exchange: android/iOS app-based retail analysis to AWS based data lake integration.
- *Data-driven Business Development Chair* for products following the requirements of clients: bank, insurance, investment, stock/option exchange, marketing and information technology industries.
- *Managing* 500+ PhD, PhD student and master student researchers working on industrial contracts and R&D financial projects with *entrepreneurial* spirit.
- *Achievement*: Increasing the number of researchers from 5 to 500+ in two years.

Visiting Researcher **09/2014 - 09/2015**
Buskerud and Vestfold University College- John von Neumann Institute **Vestfold, Norway**
- Attacking Northern Europe health technology USD $10+ billion market.
- Calibrating ultrasound data by MLE for building up a numerical simulation tool with a graphical interface in MATLAB that can model and optimize the performance of transducers in health products.

Head of Quantitative Investment **10/2009 - 01/2014**
Dragon Capital VietFund Management **HoChiMinh, Vietnam**
- Lead both innovative research department and engineering department for quantitative, statistical and machine

learning methods for analyzing Vietnam security data to build innovative trading strategies adjusted by risk acceptant level for managing USD $1+ billion.
- Designing new information technology systems that can be applied to the specific needs of the organization.
- *Achievement*: Creating the first quantitative product and ETF product in the local market: VFMVFA, E1VFVN30; raising *USD $200+* million.

Team leader **12/2002 - 06/2004**
Silicon Design Solutions **HoChiMinh, Vietnam - CA, United States**
- *Leading* 10+ engineers for upgrading memory compiler software, automatically generating test patterns for Texas
- Instrument library, design projects using VHDL/Verilog, and layout to physical tests.

VOLUNTEER EXPERIENCE

2018 - current **Data Ambassador, *Data for Good***
2017 - 2023 **Member of Board of Directors, *CFA Society Saskatchewan***
2015 - 2016 **Grader and mentor, *CFA Institute***

EDUCATION

2010 - 2010 **Postdoctoral researcher: *Machine learning methods in finance***
Japan Advanced Institute of Science and Technology (JAIST) - Kanazawa, Japan
2007 - 2009 **PhD: *Robustness of dynamical systems***

2005 - 2008 **Master of Computer Science: *Sparse principal component analysis***
2004 - 2007 **Master of Mathematical Science: *Analysis***
1999 - 2003 **Bachelor of Science: *Mathematics and Computing Science***

RESEARCH

5+ international and national research projects: Principal & member.
30+ publications in control optimization, machine learning and financial engineering.
https://scholar.google.com/citations?user=oadR6aIAAAAJ&hl=en

LANGUAGES

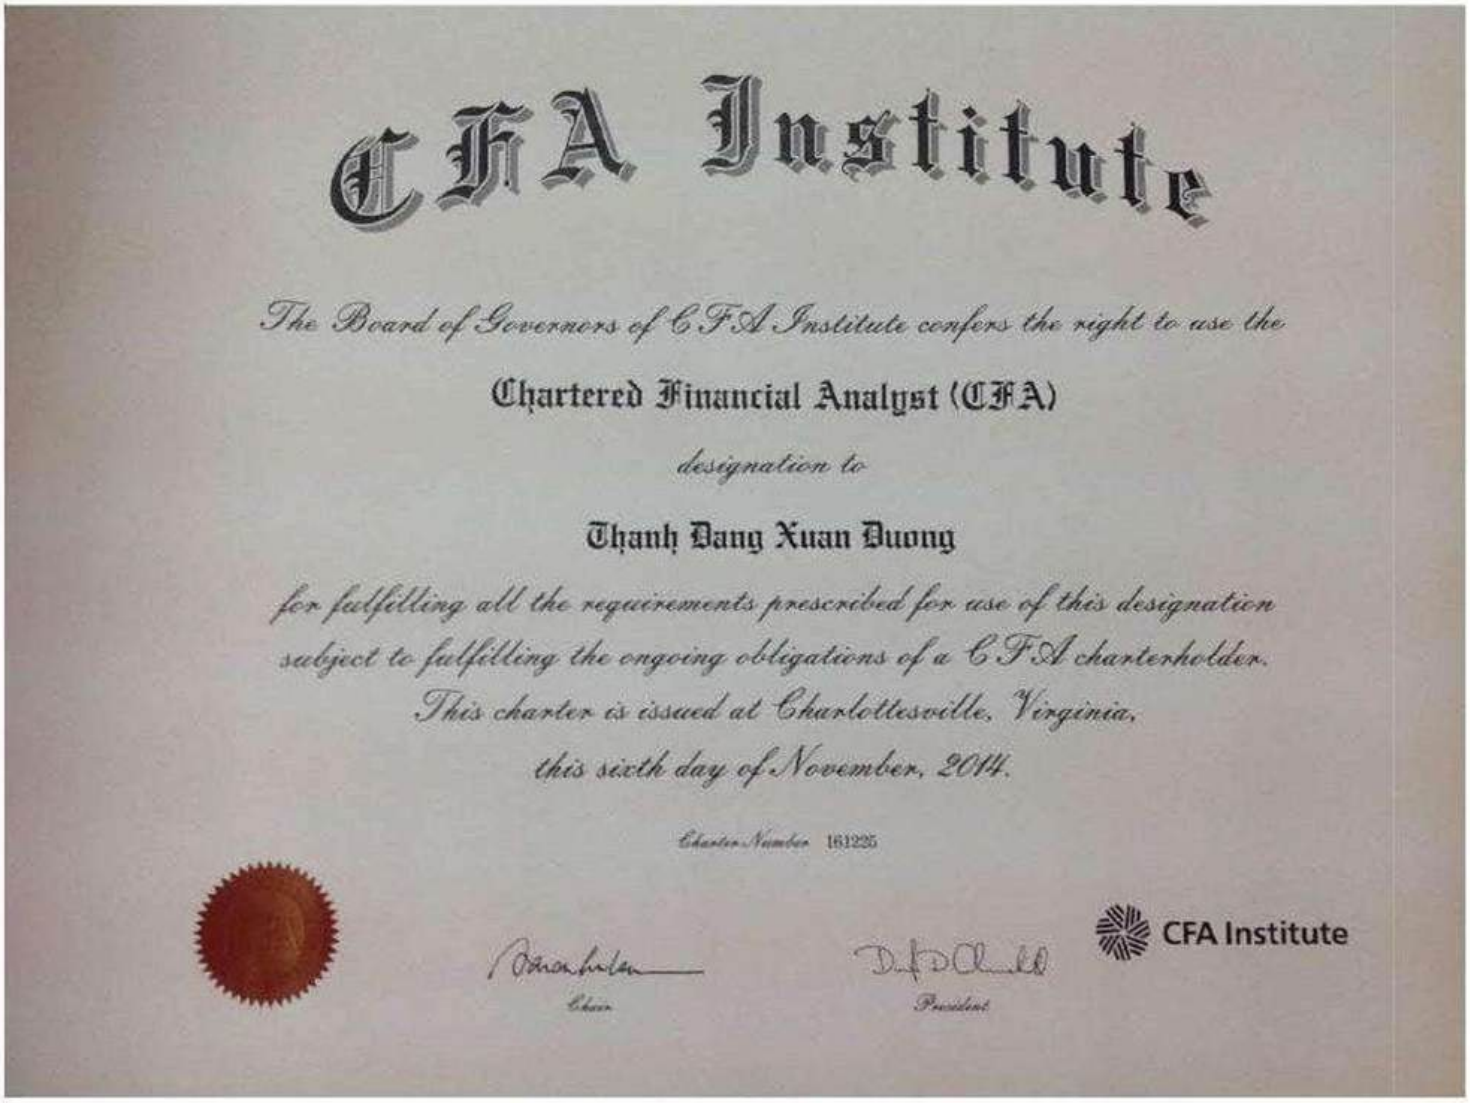
English: Native. **Norwegian**: Limited Basic. **Vietnamese**: Fluent.

HONORS

- Visiting fellowship of Japan Advanced Institute of Science and Technology 2010.
- IEEE Seoul Section & Japan Council Scholarship 2009.
- Best Student - Paper Award of IEEE Vietnam Section in Computer Science 2008.
- Vietnam Education Foundation (VEF), and the U.S. National Science Foundation (NSF) Scholarship (for participating in Digital Signal Processing Summer School/Seminar 2008).
- Third honor of National Mathematics Competition 1999.
- Bronze medal in South Vietnam's Mathematics Olympic 1998.

HOBBIES

football, sepak takraw, table tennis, tennis, badminton and Taekwondo; guitar and bamboo flute.



CFA Institute

The Board of Governors of CFA Institute confers the right to use the

Chartered Financial Analyst (CFA)

designation to

Thanh Dang Xuan Duong

for fulfilling all the requirements prescribed for use of this designation subject to fulfilling the ongoing obligations of a CFA charterholder. This charter is issued at Charlottesville, Virginia, this sixth day of November, 2014.

Charter Number 161235

Chairman

President

CFA Institute

CAIA ASSOCIATION®

The Chartered Alternative Investment Analyst Association's Board of Directors
does hereby confer the designation of

Chartered Alternative Investment Analyst

upon

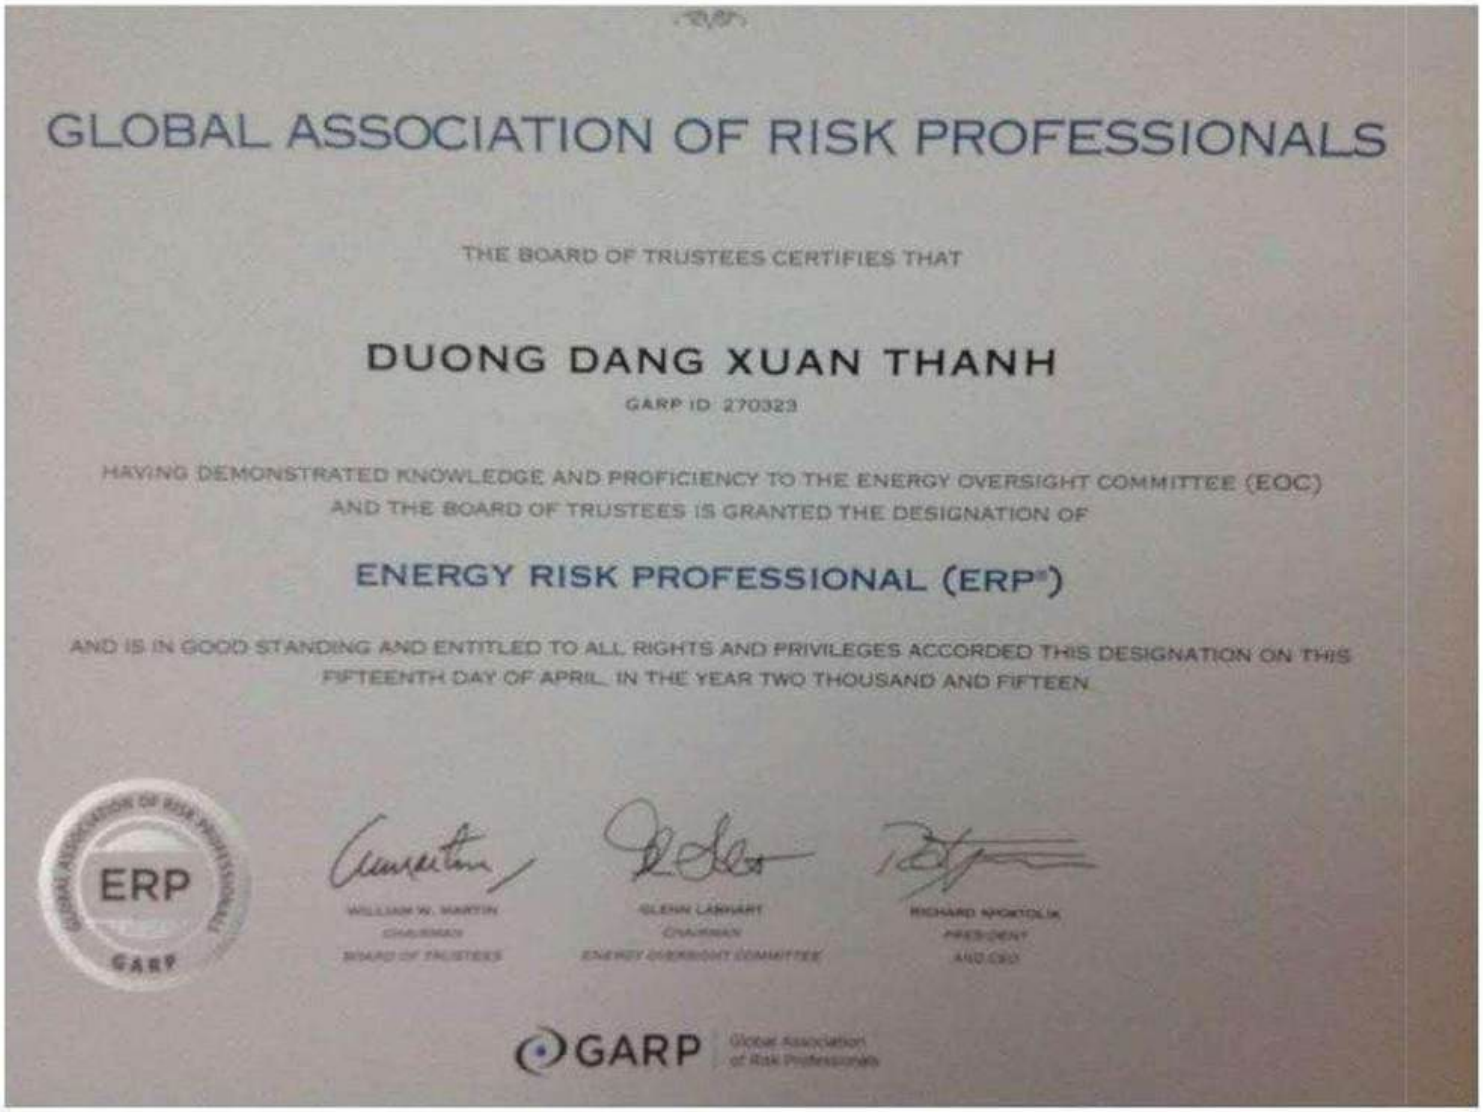
Thanh Dang Xuan Duong

Charter Number 7367

who has successfully completed all the requirements prescribed for this designation.

In Testimony Whereof, this Charter is granted under the seal of the
Chartered Alternative Investment Analyst Association this
thirtieth day of October, 2012.

Thomas Schneeweis Director	Alexander Ineichen Director	Andrew Baker Director	Peter Douglas Director	Robert DeRito Director	M. Jane Buchan Director	Florence Lombard Chief Executive Officer



GLOBAL ASSOCIATION OF RISK PROFESSIONALS

THE BOARD OF TRUSTEES CERTIFIES THAT

DUONG DANG XUAN THANH

GARP ID 270323

HAVING DEMONSTRATED KNOWLEDGE AND PROFICIENCY TO THE ENERGY OVERSIGHT COMMITTEE (EOC) AND THE BOARD OF TRUSTEES IS GRANTED THE DESIGNATION OF

ENERGY RISK PROFESSIONAL (ERP®)

AND IS IN GOOD STANDING AND ENTITLED TO ALL RIGHTS AND PRIVILEGES ACCORDED THIS DESIGNATION ON THIS FIFTEENTH DAY OF APRIL, IN THE YEAR TWO THOUSAND AND FIFTEEN.

ERP

GARP
